SPECIALIZED KNOWLEDGE

We know the financial and public disclosure requirements for not-for-profit organizations and understand the impact they can have on your success. Managing these responsibilities successfully requires the assistance of a CPA firm that is truly knowledgeable and experienced in the financial aspects and operations of nonprofit.

Legacy's partners and professionals actively participate in Association Forum of Chicagoland, Association of Certified Fraud Examiners, several state societies' not-for-profit groups, and the American Institute of Certified Public Accountants. Our professionals are active on the organizations' committees and boards, and serve as speakers for various conferences. Their education and involvement allows them to remain on the cutting edge of the industry.
